CAMP

June 15-19—Theatre Make Up: It's the In Thing

July 6-10—Acting: What's the Buzz?

All the World's a Stage and we are merely players...RVHS Summer creative CAMP provides students K-12 with opportunities to explore theatre arts from beginners to advanced. This week long intensive camp exposes performers to areas of technique, voice, movement, process, make up, design, and performance. Students will take master classes each day focusing on skills to improve confidence, stage presence, creative problem solving, creating characters and all while having FUN! Experienced staff and a safe environment help springboard performers to the next level, whether it be performing on a large stage, getting ready to audition or merely feeling success at their next English class book review presentation. Make plans now to take part in classes that end in a lunchtime Theatre performance open to the public.

ACTING

Feeling like you got what it takes to perform? Then step right up and get into character during this week long camp focusing on acting technique, vocal training and movement styles. Each student will be exposed to improvisation, theatre games and activities, and a performance during our Lunch Time Theatre on Friday. Students will participate to enrich creative, problem solving, and acting skills in an ensemble environment great for all ages.

MAKE UP DESIGN

Want to learn how to perfect a look for the stage? Put your hands to work creating make up designs that you can use to enhance character development, use at your next Halloween party or just to have fun with friends. This week long camp focuses on having students use hands on applications to learn the art of Stage Make Up. Each student will be exposed to Corrective, Old Age, Fantasy, Object, and Cuts and Bruises styles. Along with the make up design, students will have the opportunity to create characters once in make up and create scenes to make us laugh or cry. Make up provided. Bring a small mirror and make up remover each day. It's a *thrilling* experience.
